

# Spherical Splits for Decision Trees and Random Forests: A Short Note

Title Page and Declarations

## Article type

Short note.

## Author information

Mathias Valla

Chaire DIALog, Institut Louis Bachelier, Paris, France

Email: mathias.valla@gmail.com

Corresponding author: Mathias Valla

Postal address: Chaire DIALog, Institut Louis Bachelier, Paris, France

Telephone: to be completed in Editorial Manager.

## Acknowledgments

Work(s) conducted within the Research Chair DIALog under the aegis of the Risk Foundation, a joint initiative by Université Paris-Dauphine PSL and CNP Assurances.

## Funding

Research Chair DIALog under the aegis of the Risk Foundation.

## **Data availability**

The benchmark data are public PMLB datasets. Stored result tables and scripts used to generate the manuscript figures are included in the accompanying code repository.

## **Code availability**

The open-source repository for the spherical decision tree prototype and the article results is available as MathiasValla/spherical-decision-trees. The repository includes `REPRODUCING_RESULTS.md`, which documents how to reproduce all results reported in the manuscript.

## **Competing interests**

The author declares no competing interests.
